FINEST TRANSPORT AFLOAT

THE SHERMAN ARRIVES THIS MORNING.

She Has Two Brigadier Generals Aboard, Many Heroes of the Cuban Campaign, and 1,761 Enlisted Men.

The biggest vessel that ever came into the harbor, is at the Pacific Mail wharf. She is the United States transport Sherman, Captain C. H. Grant, seven and a half days from San Francisco.

She has aboard two brigadier generals, three colonels, 55 other commissioned officers, 1,761 enlisted men, and a dozen or more quartermasters and postal clerks for the Philippines. The Sherman is counted the finest troop ship in the world. She was formerly the Mobile of the Atlantic Line plying between New York and London. She was fitted up for a troop ship at Cramps yards, and took troops for the Philippines from New York by way of the Suez Canal. She is 445 feet long, 49 feet beam, 34 feet depth of hold, 5,780 tons gross register; she has four boilers capable of producing steam equal to 3,600 horse power; her engines are triple expansion; she has twin screws and her propellers are 21 feet pitch. She carries a crew of 175 men.

Captain C. H. Grant her sailing master, formerly commanded the steamship New York of the American Line. During the war with Spain he was a lieutenant in the navy and commanded the U. S. S. Governor Russell.

The Chief Engineer is George F. Kingsland. The troops aboard the Sherman are the 6th Infantry, 1,452 enlisted men under command of Col. E. R. Kellogg; 300 recruits and casuals organized in two provisional companies; a detached engineer corps of 80; a detached signal corps of 11; and a hospital corps of 113.

Brigadier General Frederick D. Grant and Brigadier General E. T. Bates, are passengers aboard going to the Philippines for service. General Grant was in command at Chicamaque and afterwards in Porto Rico. General Bates was in the Cuban campaign. Col. E. H. Liscum, also en route to the Philippines was a brigade commander under Lawton and was severely wounded at San Juan Hill. Col. Powell is another veteran of the late war with Spain who is going out for duty in the Philippines.

Some of the other officers are Lt. Col. C. W. Miner and Major James Canby of the 6th Infantry, Major Benjamin Holloway, paymaster and Major L. L. Seaman, surgeon.

Among civilians aboard the Sherman are J. O. West, Deputy Collector of Customs at Manila; George J. Kavanaugh, staff correspondent of the Chicago Record who was all through the war in the West Indies; E. A. Kipp of the Minneapolis Journal; and M. L. Fox of the Sioux Falls Press.

Captain James Charles Read, is the quartermaster in charge of the transport. He has won much distinction during the war in the quartermaster's department. His clerk is Samuel Dalzell, and the quartermaster's clerk H. V. Bootes.

The Sherman left San Francisco at 9 o'clock p. m. May 22. She arrived in port at 7 o'clock this morning. At 8 o'clock the flag was raised to half mast in respect of Memorial Day, and the band played the Star Spangled Banner. The vessel was dressed out in bunting. Immediately before noon the band played a dirge, and at noon a national salute of twenty-one guns was fired. The flag was then hoisted to the top of the staff and the band played patriotic airs.

The Sherman will be here probably about two days.

NEW FORM OF GOVERNMENT

WHAT M'KINLEY OFFERS THE FILIPINOS.

Professor Schurman Submits the United States Scheme to the Filipino Commissioners.

MANILA, May 22, 3:15 p. m.—Professor Schurman, head of the United States Philippine Commission, has submitted the following written propositions to the Filipinos:

"While the final decision as to the form of government is in the hands of the Congress, the President, under his military powers, pending the action of Congress, stands ready to offer the following form of government:

"A Governor-General to be appointed by the President; a Cabinet to be appointed by the Governor-General; all the judges to be appointed by the President; the heads of departments and judges to be either Americans or Filipinos or both, and also a general advisory council, its members to be chosen by the people by a form of suffrage to be hereafter carefully determined upon.

"The President earnestly desires that bloodshed cease and that the people of the Philippines, at an early date, enjoy the largest measure of self-government compatible with peace and order."

The United States Commission prepared the scheme and the President cabled his approval of the form of the document. The Filipinos have made no definite proposition except for a cessation of hostilities until they can present the question of peace to the people. Professor Schurman told the Filipinos that they had no means of gathering the people together, as the Americans control most of the ports. He also reminded them that a liberal form of government was offered them, and pointed out that it was better than the conditions existing under Spanish rule.

Gozago, president of the Filipino Commission, replied that nothing could be worse than Spanish rule and admitted that the form of government proposed was liberal.

The civilian members of the Filipino Commission have declined to co-operate with the other members of that commission, as the former consider Aguinaldo's latest demand to be preposterous, after General Otis' refusal of an armistice, referring to his wish for time in order to consult the Filipino Congress.

INVITATION TO HILO.

Rainy City Asked to Contribute Toward Omaha Exhibit.

The Kinau today takes to Hilo letters to the Chamber of Commerce of that city inviting it to co-operate with Honolulu in sending a suitable exhibit to Omaha. The chamber there is asked to get up the display for the Island of Hawaii. It is also requested that the papers of the Rainy City be asked to publish the details of what it is desired to do, so that the general public may know about it. Judge J. W. Kalua, Sheriff Baldwin, W. J. Lowrie, A. N. Kepokali and George Hona, have been asked to act as a committee for Maui.

These letters were sent out by Commissioner Cleghorn and Secretary Logan. Mr. Cleghorn has been ill a few days but is better today, and will take more decided steps in the way of getting matters in shape. Mr. Logan is working hard in the interest of the exhibit.

ALARMING.

The Canadian Inland Revenue authorities recently instructed Mr. Thos. MacLaren, Chief Analyst of the Inland Revenue Laboratory, to investigate the purity of aerated waters. One hundred and twenty-one samples were analyzed, twenty-seven of which contained lead in heavy proportions, but samples of Apollinaris water, purchased in Halifax, N. S., in St. John, N. B., in Quebec and Montreal, were in every case found in analysis to be free from impurities of any kind.—Food and Sanitation, 13th August, 1898.

HEAVY PURCHASES.

Expected and departing steamers did not interfere with business at L. B. Kerr's today. The store was crowded all day, and purchases were unusually heavy, owing to values being so great.

MORE OF THEM USED.

There are probably more Singer sewing machines used in the United States than of any other one make. This is a very excellent guarantee that they are one of the very best machines. The points of merit are strength, durability, easy running and simple construction. Very little mechanism to get out of order makes repair bills small. When in need of a new sewing machine examine the Singer before purchasing any other make. B. Bergeron, agent, Bethel street.

If you want a new carriage or your old one repaired call on W. W. Wright.

ELDEST SON OF PRESIDENT U. S. GRANT.

On His Way to the Philippines to Take Charge of a Brigade—Says Some Nice Things of Honolulu.

Brigadier-General Fred Grant is on the transport Sherman on his way to the Philippines, where he will have charge of 4000 men in the campaign against Aguinaldo. The Sixth regular infantry, also on the Sherman, will be a part of his brigade.

As is well known here General Grant is the eldest son of the late General and President U. S. Grant. His home is in New York City, where he and his family hold a very high social position. A younger brother, U. S. Grant, Jr., a resident of California, is known personally by many island people.

"It is a coincidence of my life," said General Grant this morning, "that I reached the prettiest city I ever saw in my life on my forty-ninth birthday. Yes, I was born on Memorial Day and was forty-nine this morning."

"What I have just said about Honolulu I mean. Really I was never more surprised in a city in my life. This morning I took a carriage and drove all over it. I have been in Cuba and in Porto Rico. For several months I had command of the troops that held about half of Porto Rico, and during that I had the opportunity of seeing all of the towns. Most frankly I say that I consider Honolulu far ahead of any of them, in point of natural and artificial beauty and cleanliness."

Yes, many of the streets are narrow and some are a trifle crooked; but you know, there is a quaintness about them that a stranger will observe far sooner than residents. One little patch of your tropical scenery in New York would attract more attention and admiration than the greatest show on earth.

General Grant is a man of about five feet, eight or nine inches, a bit stout and rather broad shouldered. He wears a closely cropped beard, and the general resemblance to his illustrious father has always been remarked. In manner he is decidedly plain and is a slow, deliberate thinker. His impression of him is of a man of solidity and sincerity in the extreme.

At 8 o'clock this morning the general took his drive about town, returning about two hours later to the ship. At 11 o'clock he was received by President Dole at the Executive building. From 2 o'clock this afternoon he will drive, visiting the Park and other points of interest.

At the hour seen General Grant had made no arrangements to take in the Memorial Day exercises of the G. A. R. It is certain, however, that a committee will wait on him. The general is a veteran of the Civil war, having been a colonel on the staff of General Sherman in 1864-65.

NEW YORK, May 29.—The Brooklyn Eagle this evening says: "Not only has the Admiral Dewey house fund become a matter of national interest, but it looks now as if there would be friendly rivalry among the cities of the Union as to the number of subscribers that will be placed upon the roll, which will be handed to Admiral Dewey when the presentation is made. Every city has taken a sort of pride in pushing the subscription along. The old civic pride for Brooklyn is apparent, for the mere mention of the fact that San Francisco had up to this day subscribed \$150,000 sent Brooklyn subscriptions bounding up so that they now top those of the city of the Golden Gate. It is apparent that the Brooklyn borough is not going to be beaten by San Francisco in this patriotic enterprise, and letters which have been received show that a strong feeling of rivalry exists."

GAELIC IS LATE.

News arrived by the Sherman this morning that the Gaelic would sail from San Francisco a day late, or on Thursday in place of Wednesday. She will therefore not likely get in before tomorrow afternoon.

A RELIC OF THE WAR.

Many old soldiers now feel the effects of the hard service they endured during the war. Mr. Geo. S. Anderson of Rossville, York county, Penna., who saw the hardest kind of service at the front, is now frequently troubled with rheumatism. "I had a severe attack lately," he says, "and procured a bottle of Chamberlain's Pain Balm. It did so much good that I would like to know what you would charge me for one dozen bottles." Mr. Anderson wanted it both for his own use and to supply it to his friends and neighbors, as every family should have a bottle of it in their home, not only for rheumatism, but lame back, sprains, swellings, cuts, bruises and burns, for which it is unequalled. For sale by all dealers and druggists. Benson, Smith & Co., general agents, Hawaiian Islands.

HOME DECORATION.

Women with thoughts of home decoration will be interested in this brief notice of Art Statuettes. The styles are all new. They look for all the world like silk; and the colorings are perfect. On sale at Sachs & Company.

MATTERS OF HISTORY.

How many "great gods" had the ancient Hawaiians? Who first discovered the Hawaiian Islands? Alexander's Hawaiian History answers all such questions. For sale only at Golden Rule Bazaar.

LOSS OF THE LINER PARIS

RUNS ASHORE ON THE DREADED MANACLES.

Vessel May be Saved—Cargo all Rescued—Perfect Order When Steamer Struck—Heavy Fog at Time.

FALMOUTH, May 22.—The American line steamer Paris, Captain Watkins, from Southampton and Cherbourg for New York, struck on an outlying ridge on the Manacles early yesterday morning at a point half a mile from where the wrecked Atlantic transport liner Mohagan lies, and five miles from Falmouth. The Paris, which sailed from Southampton Saturday, called at Cherbourg and picked up fifty passengers. She left Cherbourg at 6 o'clock that evening. Soon after 1 o'clock yesterday morning at high tide and in a mist she ran ashore. From the first there was no danger. Life boats and tugs were soon literally swarming around the vessel rendering assistance. A majority of the passengers, who numbered 330, were brought to Falmouth, where they obtained lodgings for the night.

The first intimation of the vessel striking the rocks was a slight grating sound, which was followed by a second and more pronounced shock. The look-out shouted that there was something looming ahead, but before there was time to reverse the engines, the ship had gone on the rocks, 200 yards from shore. Assistance was summoned by means of rockets and the coast guards promptly telephoned to the life saving station for boats.

A majority of the passengers were not aware that an accident had happened until they were called up by the stewards. On reaching the deck they found the ship's boats in perfect readiness for their reception. The sea was perfectly calm, and the only discomfort that the passengers experienced was caused by the slight rain that was falling at the time. Owing to the calmness of the sea the boats could be managed with entire safety.

Perfect order prevailed aboard the vessel. Captain Watkins stood on the bridge giving orders, and his perfect self-possession and calmness of demeanor had a reassuring effect upon the passengers.

The cargo is being transferred rapidly, and the vessel herself may be floated.

READING MATTER.

Secretary Coleman asks for contributions for reading matter for the troops on the Sherman. Any books, papers or magazines left at the Y. M. C. A. will be taken charge of and sent with the troops.

FUNERAL OF NAHALE.

Body of Kanehameha Student Sent to Kona for Burial.

The funeral of the late Joseph Nahale took place from the Kanehameha school chapel at 8 o'clock this morning. Professor Theo. Richards preached the funeral sermon. Pupils of the Manual school officiated as pall-bearers. The entire battalion marched with the casket to the city. The body was placed on the steamer Mauna Loa to be sent to Kona for interment.

Deceased was a son of Deputy Sheriff Nahale, of Kona. He was a pupil at Kanehameha school and was an exceptionally bright and promising young Hawaiian.

VIERA GETS BRUISES.

Henry Viera is nursing two ugly bruises on his left face. The cuts came from a fall from a horse at Kapilani race track last Sunday. The horse thought Viera was a Chinese witch doctor and tried to kill him.

DIED.

THIS IS DECORATION DAY

HEROES TO BE REMEMBERED BY HONOLULU.

American and Hawaiian Troops, G. A. R. and Civilians to Form a Grand Procession—Exercises at Cemetery.

This is Decoration Day. It is the time when throughout America the Union's dead—those who died in the battles of the Civil war and those who have since ceased to answer roll call—are remembered. Wherever their graves may be, they are sought out, and flowers are laid upon them by tender, loving, appreciative hands.

This afternoon Honolulu remembers the soldier dead. Government officers, banks and many business houses are closed. At 2 o'clock the local G. A. R. Post, which is dwindling in membership year after year, will meet at Harmony hall to receive and direct the procession and the ceremonies.

The column will form on King street, near Alakea, headed by the Kanehameha school band. Next in line will be a firing party from Battery I, United States Garrison, consisting of twenty-eight men and five non-commissioned officers. It is not customary for United States regulars to turn out on Memorial Day, which is the reason the whole garrison will not be in line. Any others who choose to join the procession, however, will be permitted. There will doubtless be quite a contingent of artillery men marching independently.

Back of the artillery section will be the Hawaiian band. Next will follow the First Regiment, N. G. H., under Colonel Jones, in full strength. This contingent will be followed in the procession by the G. A. R. Then the Army and Navy Union, a new body and President Dole and staff, the Cabinet, United States consular officials and the general public, will bring up the rear of the procession.

The exercises in Nuuanu cemetery will be carried out on the lines of past years. There will be music, the ritual, prayer, decoration of the graves, Lincoln's Gettysburg speech, an oration, roll call of the dead, singing of America and the benediction. It is planned to have each of the graves marked by a small American flag.

The turnout will undoubtedly be quite large. Honolulu has always taken a deep interest in Decoration Day. With Hawaii now a part of the United States the interest has increased and will undoubtedly manifest itself.

The following is the order of the Decoration Day exercises.

The G. A. R. with Dr. N. B. Emerson, as grand marshal, will have charge. Banks and most of the business houses in town closed at noon. The line will form at 2:30 in front of the G. A. R. headquarters and will march from that point to Nuuanu cemetery. The line will proceed out Emma street to Vineyard, down to Nuuanu and up to the grave yard. The order of march will be as follows:

Kanehameha Band.
Troops U. S. Army and Navy.
Government Band.
National Guard of Hawaii.
George W. De Long Post, No. 45, G. A. R.
Regular Army and Navy Union.
President and Staff.

Members of the Cabinet.
U. S. Consul General and Vice Consul.
Citizens and General Public.

The exercises at the graves of the dead will be conducted by Post Commander L. L. La Pierre. This program will be carried out:

Music.....Band
Ritual.....Post Commander
Prayer.....Chaplain
Ritual continued.....Post Commander
Decoration of Graves.....O. D.
